SPRING JOYS IN KENTUCKY.
The sunshine's ever brightest
In Kentucky;
The breezes whisper lightest
In Kentucky;
Plain girls are the fewest,
Maidens' eyes the bluest,
Their little hearts the truest—
In Kentucky.
Song birds are the sweetest
In Kentucky;
Thoroughbreds are the fleetest
In Kentucky;
The mountains tower proudest,
Thunder peals the loudest,
Landscape is the grandest
And politics the damndest—
In Kentucky.

The Great Council of Kentucky Redmen will be held at Lexington in May.

Mr. O. T. Sutton, of Cincinnati, bought four fine bred horses here Monday and shipped them to his stables in the Queen City yesterday.

New School Building!

Owing to the fact of the School Board's having bought the old Perkhous (our warehouse) for the site for the new High School Building, we are obliged to move all our vehicles within the next 60 days; and we have figured that it would be better to sell them than to move, a store room in Maysville is pretty scarce just now, and besides it is very expensive to move four or five carloads of crated vehicles.

Therefore!

We are beginning today the most phenomenal sale of vehicles ever held in Maysville, and a word to the wise should be sufficient. "If you are contemplating the purchase of a rig of any kind, now is your opportunity."

For President in 1908,

For Vice-President,
CHARLES E. HUGHES, OF NEW YORK.

For Governor of Kentucky,
AUGUSTUS E. WILSON OF LOUISVILLE.

THAT Kentucky State Shoot ought to be pulled off at Jackson.

GUILTY or not guilty, H. KENDALL THAW is a freak. His proper place is in a dime museum.

THE next thing we hear from San Francisco will be that ABE RUEF and Mayor SCHMITZ caused the earthquake of last April.

WILL President ROOSEVELT please explain why he keeps Attorney General BONAPARTE in office? Is it because he is a "mysterious curiosity?"

A STATEMENT issued by the Fourth Assistant Postmaster General shows there are now 37,400 rural free delivery routes in operation in the United States. Of this number Kentucky has 639, Tennessee 1,545, and Indiana 2,130.

The above news item shows that old Kentucky is forty years behind the times.

Over 2,100 rural routes in Indiana and only 639 in all Kentucky! A combination of ignorance, incompetency and bad roads is responsible for this state of affairs. Kentucky is now retrograding compared with the progress of other states.

What causes it?

Ask yourself!

THE mint beds are getting ripe in Kentucky and Marse HENRI will please sit up and take notice and hike for home.

JOHN D. ROCKEFELLER has given away twice as much money as ANDREW CARNEGIE. Maybe Standard Oil money is twice as tainted as Steel Trust cash.

JUDGE JOHN M. LASSING was the only one to put up the fee of \$5,000 to enter the Democratic primary for Appellate Judge in this district, and has been declared the nominee.

Thus we have at last, the very acme of a thoroughly corrupt democracy.

Judgeship

Sold to the
Highest Bidder.

It is bad enough to sell votes and prostitute the ballot box to satisfy the base uses and the soaring ambitions of a few brazen politicians; but here in Kentucky we behold the horrid example of actually patting a price upon the offices and selling them to the highest bidder.

Judge LASSING merely paid \$5,000 for the office, and he'll find that a Judgeship purchased under the auction hammer of the Democratic method of doing business in this state, is not worth the price.

The Democrats put a prohibitive entrance fee upon all candidates before their primaries, and then the Governor selects whom he wants to run for a certain office and the money is forthcoming. The high price bars all but the elect—the rest is easy.

Whenever the Republicans resort to such an unfair and outrageous method of hogging the offices, including the highest judicial positions in the state, then all decent voters would and should cut loose from them as too rotten for honest citizenship.

THE PUBLIC LEDGER will be candid and state that it believes there are thousands of good and true Democrats in Kentucky who are opposed to this unholy and corrupt method of selecting candidates.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

The will leaves all his real estate and household goods to his wife during her life or as long as she remains single, after which it is divided. The good little town of Dover will have a large delegation in this city today provided the thirty or forty of its citizens obey the mandate of the Court now in session here. They are summoned to appear before the Grand Jury to give evidence against violators of the law, some for fracturing the local option law and others for misdemeanors.

MAKING GOOD

Is Another Man From Maysville—Milton Johnson's Splendid Success

Go where you will you are apt to find "The Man From Maysville," and you generally find him right at the head of the procession next to the band wagon.

The other day in Cincinnati The Ledger Man met a former Maysvillian—Attorney Milton Johnson, who is now with the Edward Thompson Company, of Northport, New York, Mr. Johnson being their Chicago representative with headquarters in the Windy City. He resides with his wife and daughter in the Del Prado hotel an elegant apartment hotel situated in Jackson Park, on the sight of the "Midway Plaisance," at the great World's Fair in 1893.

The Edward Thompson Company is the largest law book publishing house in the world, and as Mr. Johnson at the Chicago agency has 40 traveling salesmen under him, one may surmise that there is something doing every working day in the year, and that our Maysville man is drawing a salary commensurately large. Mr. Johnson's field of operations is the entire North American continent, and he travels himself from Mexico to the remotest part of Canada.

He was in San Antonio, Texas, ten days ago and while riding in a streetcar saw Ex-Editor Thomas A. Davis, Mrs. Davis and Miss Mollie T. Edmonds sauntering along one of the flower-lined avenues of that old dago town.

Mrs. Johnson is now visiting her relatives near Germantown, accompanied by her daughter, Miss Elizabeth, who attends the Elementary Department of the Chicago University, but is now enjoying a brief mid-term vacation. Mr. Johnson passed through here Friday en route East and will soon rejoin his family for a short visit.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

GOT \$20.01

Judgment Awarded in Big Robertson County Damage Suit

At Mt. Olivet the \$10,000 damage suit of John Pore v. E. S. Montgomery and Sherman Tomlin, resulted in a verdict for the plaintiff, the Jury in the Robertson Circuit Court awarding Pore \$20.01.

The case grew out of Montgomery and Tomlin having Pore arrested and jailed on a warrant charging him with perjury.

Pore made a statement before the Grand Jury about a year ago, charging Tomlin with adultery. He was acquitted on the perjury charge.

Montgomery is a prominent farmer of Robertson county, and several years ago drew \$15,000 out of the Louisiana lottery.

Tomlin was formerly a merchant of Mt. Olivet, but moved to Mason county about six months ago.

HIGH LICENSE IN OHIO

Has Put Over Three Thousand Saloons Out of Business

Auditor of State Gilbert, of Ohio, has completed the report on the liquor tax collections through the state under the Aiken law and the difference compared with 1906, the last full year under the Dow tax, is amazing.

A total of 3,180 saloons have been put out of business, while the total revenues for the year just closed, taking the July settlement, which was partly under the old law, and the January, 1907, settlement, amounted to \$9,219,664.98 against a total of \$4,309,714.96 for the entire year of 1906, ending November 15th.

The January report for this year shows that the total number of saloons in the state was 9,628, while the total tax collected was \$4,582,401.34, of which the general revenue fund is credited with \$1,376,821.66; municipal police funds, \$1,003,807.25; municipal general revenue fund, \$1,204,734.48; county poor \$572,984.29, and the township fund, \$324,794.53.

AILING WOMEN

How Many Perfectly Well Women Do You Know?

"I am not feeling very well," "I am so nervous it seems as though I should fly," "My back aches as though it would break."

How often do you hear these significant expressions from women friends. More than likely you speak the same words yourself, and there is a cause.

More than thirty years ago Lydia E. Pinkham of Lynn, Mass. discovered the source of nearly all the suffering these two words are full of more misery to women than any other two words that can be found in the English language. St. John fainting, depression of spirits, reluctance to go anywhere, backaches, headaches, nervousness, sleeplessness, bearing-down sensations, displacements and irregularities are the bane of woman's existence.

The same woman who discovered the cause of all this misery also discovered a remedy. Lydia E. Pinkham's Vegetable Compound made from native roots and herbs holds the record for a greater number of absolute cures of female ills than any other one remedy the world has ever known and it is the greatest blessing which ever came into the lives of suffering women.

Don't try to endure, but cure the cause of all your suffering. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. The following letters prove this:

Miss Nancy Peed of Helena spent a few days last week with the family of her uncle, Mr. J. J. Peed, near Millersburg.

Mr. Burr Richardson has recovered from his recent illness and, with his wife, will go to Dayton Thursday to make that city their future home.

HERE'S NEWS!

Mrs. Huntington, Collis P. Huntington's Widow to Marry Henry E. Huntington, Nephew By Marriage

The report comes from New York that Mrs. Clara Huntington, the multi-millionaire's widow of the late railway magnate, Collis P. Huntington, who built the Chesapeake and Ohio Railroad from Ashland to Cincinnati, is to be married to Henry E. Huntington, her nephew by marriage.

The engagement has often been reported, but now it is said the news is authentic and that the nuptials will be consummated at once.

Mrs. Huntington inherited a fortune of nearly \$30,000,000 from the \$100,000,000 left by her husband and Henry E. Huntington received \$20,000,000.

He was the active business partner of Collis P. and is now the railway King of the Pacific Slope, his holdings of electric lines alone are valued at \$25,000,000.

H. E. Huntington is well known in this state and Mason county. He was Superintendent of Construction of the Maysville & Big Sandy, Ry. (C. & O.) and he and Colonel C. B. Childs managed the entire building of the 144 miles of magnificent road along the Ohio.

He was divorced from his wife only a few weeks ago in California and the report of his marriage to his uncle's widow now follows.

He has several children.

The new Mrs. Huntington to-be is about middle age and is said to be as pretty as she is wealthy.

When Mrs. Huntington sailed for the other side it was understood that Henry Huntington was going to the Pacific Coast. His journey Westward was not long, for he changed his mind before he reached California, and decided to go to Europe, whither Mrs. Huntington had preceded him.

Her magnificent country seat at Troggs Neck shows no sign of her return, and some believe it and her Fifth avenue residence will pass to her son, Archer Huntington, when she marries.

The man who will turn down a publication simply because he considers its rates too high is likely to get stuck with a one-eyed animal at "a very low price" in his first horse trade.—*Infant Industries.*

The Anderson National bank of Lawrenceburg, Ky., has been authorized to begin business with a capital of \$100,000.

Julius Sharp, an employe at the Ohio Valley Pulley Works, was injured about the arm by the parting of a pulley, yesterday.

Mr. Joseph A. Richardson, wife and daughter, Martha Margaret, of Pisgah, O., visited their parents Saturday and Sunday.

The average farmer is probably not aware of the fact that an average mule sells for \$10 a head more than horses. Such is the case, and the price has been gradually rising for a number of years. There has never been what would be called an over production of mules, while the market has often been unable to fully supply.

GREAT SCOTT!

Joe Blackburn Has Turned Republican and Comes Out for Judge Taft

A recent Washington dispatch says—

"Ex-Senator Joe Blackburn of Kentucky, who will become a member of the Isthmian Canal commission when Stevens retires, says that the line-up for the next Presidential campaign is already complete. "Bryan's name will be the only one presented to the next Democratic Convention," he said. "Taft will be the Republican nominee. I believe that President Roosevelt is sincerely in favor of Secretary Taft as his successor."

"Kentucky he said, would hereafter be a Republican state, because its people are tired of boss rule."

And the next day it snowed at Frankfort!

Special Request.

In answering advertisements appearing in the columns of this paper, or when buying goods from a merchant whose advertisement appears in this paper, our readers are especially requested to state that they saw the advertisement in THE PUBLIC LEDGER. This will cost you nothing, and it will be gratefully appreciated by both the advertiser and the Editor.

Things I Have For Sale

A splendid farm of 216 acres, well improved, located on good turnpike a short distance from Augusta in Bracken county.

Also, another well improved farm of 163 acres, located in Bracken county, on good turnpike, about 2 miles from Germantown. These are among the best, if not the best, and most desirable farms in Bracken county. They will not be long on the market, and if you are interested you should manifest your interest at once.

I also have for sale a good business proposition in the city of Maysville, involving a capital of about \$2,500. If you wish to embark in a business that is conducted upon a cash basis with a good margin of profit on all sales and well established you should not overlook this opportunity.

The owners of farms who wish to sell are now beginning to list their property for sale, agreeing to give possession this fall or next spring, as purchaser may desire. Do you wish to sell anything? If so, now is the time to let it be known, and my agency is the best medium through which to make buyers acquainted with the fact.

I have two very desirable homes on Third street, between Market and Plum streets, in my hands for sale. Also, a good Fourth street house; and, in fact, houses and lots distributed over the entire city.

It will afford me pleasure to have you call and I make inquiry about anything that may interest you.

SPRINGDALE.

Alfalfa and other truck comes from under the last high water with a very sickly look. Final results will be reported later.

The first produce from up country got to our station, through four feet of backwater, Saturday a. m. The Springdale road was entirely free of water by Sunday p. m.

Mr. and Mrs. A. C. Pollitt, of Rectorville, were here Monday. Mrs. P. going through to Vaneburg to visit her father who leaves soon for his new home in Mississippi.

What with spring plowing, fencing, tobacco and other seed sowing, garden making, potato planting, &c., &c., our farmers are having a strenuous time just now—very little sleep, and no room for growling.

Our woods are teeming with wild flowers, the mocking birds are warbling their beautiful songs; black haws have formed on the twigs, and the thermometer has been to 90° in the shade. Surely this looks like the "good old summer time."

Mr. Pleas Henderson, a prosperous young farmer of Lewis county, became violently insane last week, requiring the united efforts of several men to restrain him. A dispatch to Lexington revealed the facts that his case was not such as could be received there and that he must be sent to a sanitarium at Louisville. Mr.

H. is a son of Mr. James Henderson, one of Lewis county's best citizens. He had been married two years and was an exemplary young man in every respect. The supposed reason for his sad condition is that a few years ago, while at school, he was hit on the head with a snowball, in which a thoughtless schoolmate had imbedded a rock. The afflicted family and friends have the sympathy of the entire community.

Springdale's situation is something like a pocket—bounded on two sides with steep high hills and on a third by the river, with the C. and O. Railroad track sandwiched between. It is an important shipping point for the entire Eastern end of this county, and much of Lewis and Fleming as well. The inducement being the fine easy grade of the long beautiful Cabin Creek valley road, which extends more than 20 miles inland, and is our only outlet aside from railroad and river. It is also a distributing mail point, two carriers going out daily. Therefore, during the late flood, when our one road was under backwater for ten days, our depot was congested with merchandise to overflowing and our Postoffice with mail 'til the carriers were frantic. The situation was anything but agreeable. Early Saturday a. m., however, it became possible to cross the submerged sections and all day and far into the night vehicles of all kinds splashed through the slowly receding water.

Mrs. John Mastin of Sardis was operated on Sunday for appendicitis.

The Yellow Ribbon Fair Company of Aberdeen, with \$6000 capital stock, filed articles of incorporation at Columbus, O., Monday. The incorporators are G. E. Neal, J. P. Purdon, C. W. Gardner, W. B. Rist, L. C. Campbell and D. A. Fawcett.

Floods seem to be a benefit to Cincinnati's health. Last week there were only 149 deaths, as compared with 196 during the corresponding week last year. During February, 1884, the flood month of that year, there were only 400 deaths, as compared with 555 the same month of the following year and 597 in the same month the preceding year.

Mr. George W. Childs, accompanied by Dr. S. R. Harover, left this morning for Cincinnati to be placed under treatment of a specialist.

Run-down People

NEED VINOL
the modern strength creator
and body builder

Many people right here in this vicinity are all run down and hardly able to drag about,—don't know what ails them.

In ninety-nine cases out of a hundred this is caused by overwork, too close confinement or continued strain and worry.

Our local druggist, John C. Pecor, says: "Such people need Vinol, our cod liver preparation without oil, which contains in a highly concentrated form all of the medicinal and strength-creating elements of cod liver oil actually taken from fresh cods' livers, but from which the useless oil has been eliminated and tonic iron added."

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

We ask every man, woman and child in this vicinity who is run down, tired and debilitated to try Vinol on our offer to return money if it fails.

JOHN C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

GOOD NEWS.

Many Maysville Readers Have Heard It and Profited Thereby

"Good news travels fast," and the thousands of bad back sufferers in Maysville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news to their experience with the Old Quaker Remedy.

Here is an example worth reading. John Wallingford, living at the Commerce and East Second streets, Ky., says:

"I first procured Doan's Kidney Pills in 1905 and they stopped an attack of backache which had annoyed me for some time. My wife at that time gave for publication in my local papers a statement telling of the great benefit I had derived from Doan's Kidney Pills, and now, some five years later, I can say that the cure then effected has been complete and permanent. My back and kidneys have never given me the least cause for complaint. Mrs. Wallingford also appreciates the value of Doan's Kidney Pills from personal experience with them. She suffered most acutely with backache, especially at night, and Doan's Kidney Pills promptly and thoroughly cured her."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
